China

Carbon Emissions

2017年12月中国正式启动全国碳排放权交易市场建设方案。

China officially launched The Construction Plan of National Carbon Emissions Trading Market in Dec 2017.

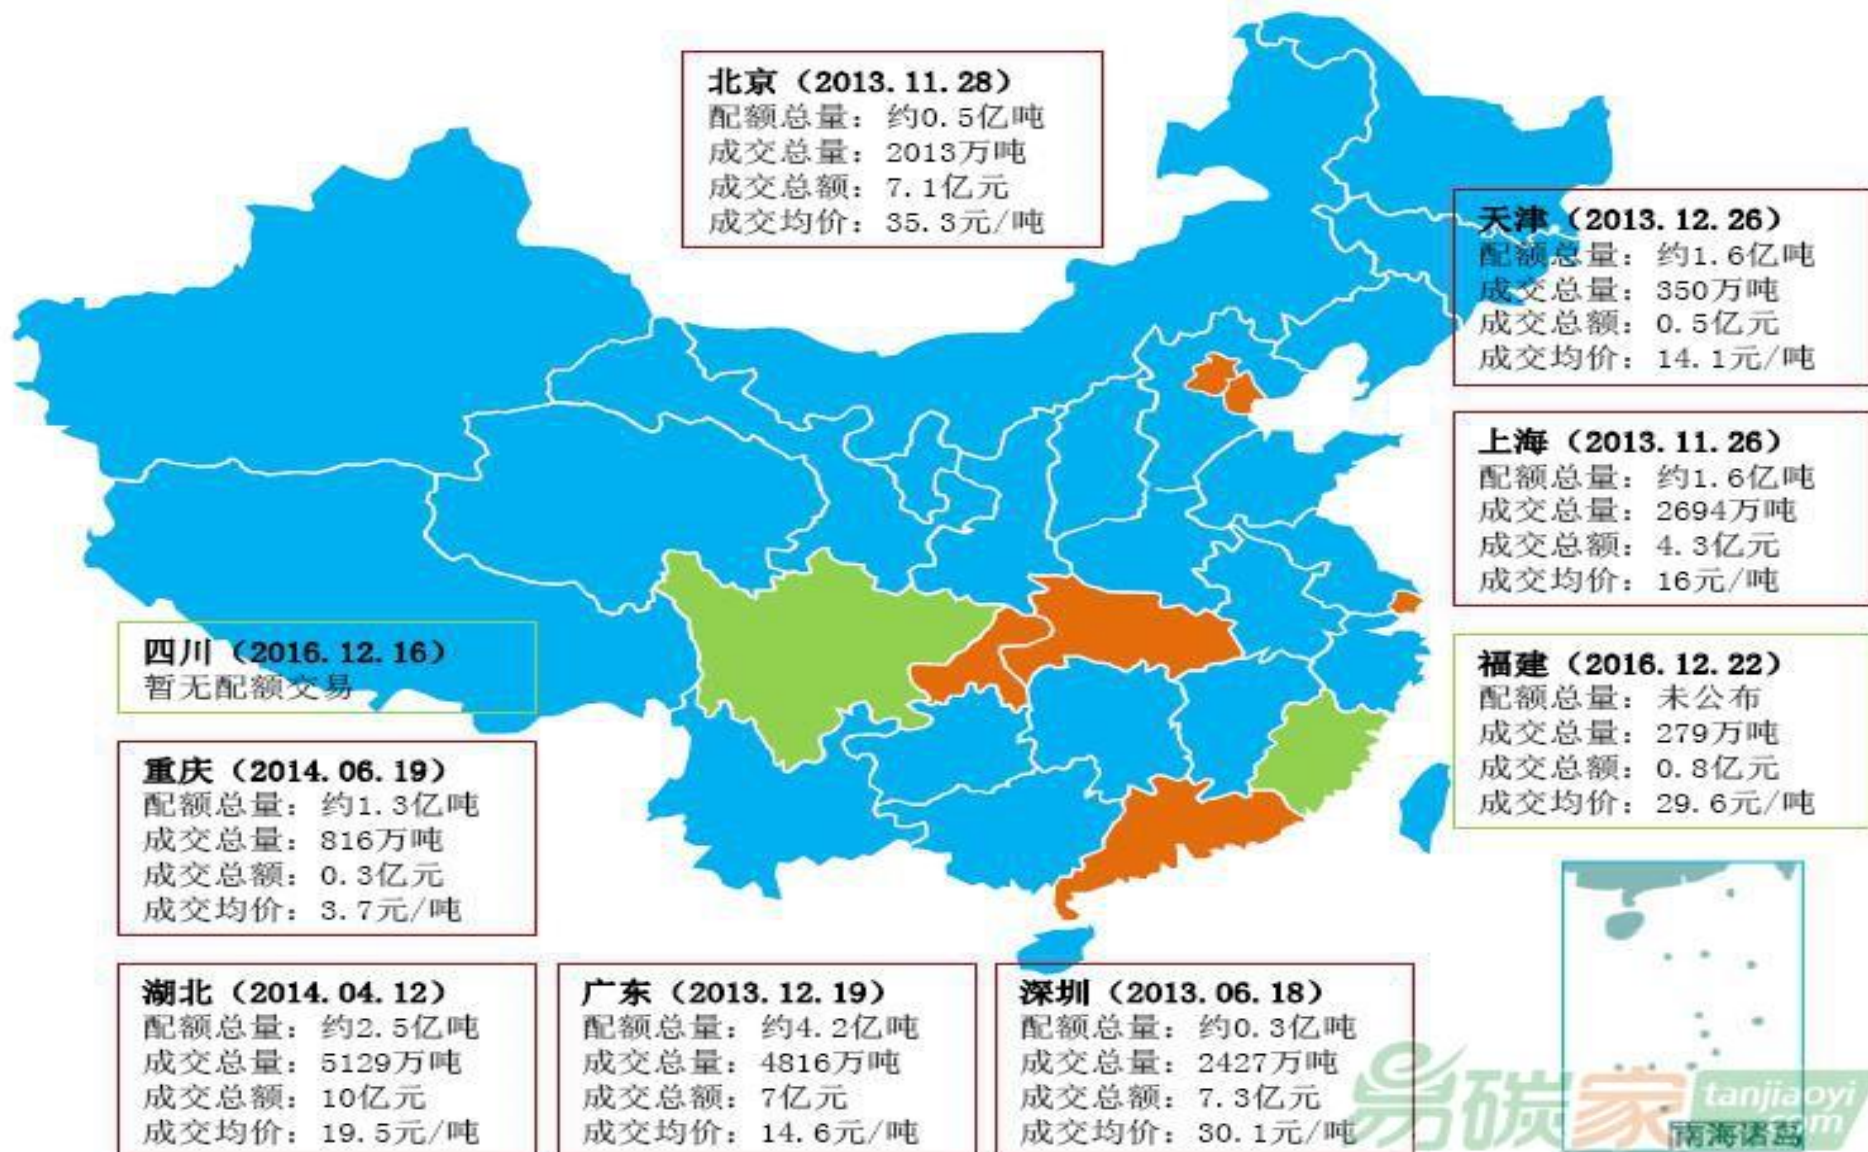

第一批纳入全国**碳市场**的电力、水泥和电解铝**3**个高碳排放行业。

Electricity, cement and electrolytic aluminum included the Phase one of National Carbon Emissions Trading Market as three high carbon emission industries.

北京、重庆、上海、天津和深圳以及广东和湖北七个省市推出试点碳市场。

Beijing, Chongqing, Shanghai, Tianjin, Shenzhen, as well as Guangdong and Hubei provinces have launched pilot carbon markets.

Carbon Emissions Market

II. Sustainability of building materials

- 循环经济、废物利用、弹性建材等

Circular economy,

Waste, recycling

Resilient of building materials

- 由协会起草制定的《建筑陶瓷企业安全生产规范》行业标准，2016年7月1日正式实施。

The standard of Associations " Building Ceramics Enterprises Safety Production Specification " drafted by CBCSA was officially implemented on July 1, 2016.

- 2、由协会起草制定的《建筑陶瓷行业绿色工厂评价技术规范》刚通过审议。

《 Technical Specifications for Green Plant Evaluation in Ceramics Tile Industry 》 was completed this year drafted by CBCSA.
